Railroaders Are Nine To One For Going On Strike

With Five-Sixths of Ballots Counted The Men Seem Determined to Strike—President Wilson Keeps In Close Touch With The Situation—Mediator Meets Officers of Switchmen's Union—Pittsburg Strike Nears End.

(BULLETIN)

NEW YORK, AUG. 5.—The tie up of the surface lines of New York city was completed tonight at 8 o'clock when officers of the street railways ordered all cars off the streets and to the barns after a day of trouble and near riots. It was decided to make no effort to operate cars during the night.

(BULLETIN)

NEW YORK, AUG. 5.—Counting of the ballots of the 400,000 railway employes affiliated with the Big Four Brotherhood who threatened to go on strike and tie up over 250,000 miles of railways was concluded at six o'clock tonight.

Timothy Shea, who had charge of the ballots from some districts, stated that count would have to be gone over and that no report would be given out as to the result of the balloting until after the meeting of the executive committee and the railway managers next Tuesday.

NEW YORK, AUG. 5.—When five-sixths of the ballots cast by the 400,000 employes of 225 railroad systems thruout the country had been counted today, it was announced that the men stood 9 to 1 for a strike.

Only a few chairmen of the trainmen's unions had not arrived this forenoon, and it was definitely stated by officials of the four trainmen's brotherhoods that the count would be completed on Monday, after which the final vote would be considered and joint conferences with the railroad representatives held.

PRESIDENT IS WAITING.

WASHINGTON, AUG. 5.—President Wilson and other federal officials kept in close touch today with the threatened strike of 400,000 railroad employes. They planned to take no definite action, however, until after representatives of the railroads and workmen have conferred early next week.

Vote Will Be Counted.

By that time the strike vote will have been counted. If it is for a walk out, and no agreement can be reached with the managements of the 225 railroad systems involved, it is expected the federal board of mediation and conciliation will be called on. If every other method of preventing a break has been exhausted, it is believed President Wilson may intervene with a personal appeal to the railroad managers and the employes to settle their differences.

THE PRIMARY

(Editorial)

Duty's appeal, if nothing stronger, should take a man to the primary election Tuesday. It is true the call of duty is manifold. The oats field appeals urgently to the farmers. Business engagements pull hard on the city man.

But it doesn't take long to cast a ballot and the primary comes only once a year. We say it is patriotism which calls a man to the colors and keeps him at the front, maybe for years, when if the call of patriotism took us oftener to the primary and general elections there would be less need of military camps and preparation for foreign foes.

Others refuse to go to the primary because they say the primary law is defective and allows them no chance to express their real preferences. That is true. The Ohio primary system is woefully lacking in certain vital respects and demands an overhauling. But that shouldn't keep any citizens from the polls.

The chief fault with our primary law is that it was drafted by its enemies, instead of its friends. There was an insistent demand in Ohio for ten or a dozen years to get away from the old boss—controlled convention plan of making party nominations. When the demand became too strong to be longer denied, a law was drafted by men whose sympathies still clung to the old convention plan—and the result was an imperfect primary law.

It was the hope of the bosses that the people would prefer to go back to the old convention plan rather than put up with the imperfections of the primary law. But bad as it is, the people have instinctively clung to the primary—and some day they will be rewarded for their patience by the amendment of the law in a way that will allow an independent voter to express himself at the primary as freely as the partisan voter.

But our suggestion to the independent voter is: IN THE MEANWHILE, DON'T SULK. There are different degrees of candidates out for the several offices. Some of them are good, some bad, some indifferent. Some of them represent your views more nearly than others. Go to the polls and pick out a man who comes closest to your notions of how a particular office should be filled. Pay that man the compliment of a vote of confidence.

DON'T LOSE FAITH IN YOUR INSTITUTIONS. They admittedly are not as good as any of us wish, but discouragement and pouting will surely not improve them. DIG IN AND HANG ON. If you are a member of a minor party and sincerely believe that certain reforms your bunch of people are advocating should be adopted by the whole county, just keep on fighting.

That's the way chattel slavery was abolished. That's the way industrial injustice and wage slavery and the liquor traffic and our undemocratic treatment of women will go. Four-fifths of mankind have been engaged since the beginning in an effort to keep down TRUTH, but she bobs up serenely every so often and pulls us all up to a new high level.

....And the way TRUTH wins is by the minority, the apparently hopeless minority most of the time, keeping eternally at it; by going to the primary—and getting licked; by going to the general election—and getting licked; by agitation and education; by gaining a few yards then digging in and holding the gain; but never by discouragement and sulking and pouting.

Your absence from the primary Tuesday is really not the thing that hurts. IT IS THE STATE OF MIND THAT INDUCES YOU TO STAY AWAY. In an experimental democracy, such as ours, there is no such thing as accident or luck or chance. It all works out like a problem in mathematics. We get just the kind of government and institutions we choose. And you'll never get your kind by staying away from the primary, for the primary is the primer of government, good or bad.

Young Man Resents Insult

Saturday evening a young business man accompanied by his wife drove his machine up in front of the Page and Lorenz drug store. A stranger apparently much the worse for his cups spoke in an insulting way to young business man and soon regretted his folly. The claret flew and probably would have been given fresh impetus had not bystanders stopped the fracas. No arrests were made for the fight was soon over and the participants disappeared.

Road Work Progresses

Deputy County Engineer E. B. Cox was at Big Island ford Saturday morning checking elevations on the fill being made at the north end of the bridge. The fill is nearly done. Apple Treelet Has Fancy Price

When John Seyschab, of Kenilworth avenue, attempted to turn his Flanders-Maxwell automobile too sharply near the Miller schoolhouse, the car struck the railing of a bridge and ran off into a gully at the far side. The occupants escaped injury. Mr. Seyschab notified the Third street garage and employes soon had the auto back on the road. It was undamaged. In removing the car from the gully, it was necessary to cut down a small apple tree perhaps an inch and a half in diameter. The owner taxed Mr. Seyschab $5 for the sapling.

CONSERVATIVE PAPERS ANGRY ABOUT TREATY

Danish Newspapers Decry Sale Of West Indies To The United States

VIOLENT ATTACKS UPON GOVERNMENT

Other Danish Papers Think Island Might Menace Danish Neutrality

LONDON, AUG. 5.—Some of the Danish conservative papers have opened a violent attack upon the government over the treaty with the United States for the sale of the Danish West Indies, according to a Copenhagen dispatch to the Exchange Telegraph Co.

The National Tidende says: "In a question of such great importance for the whole nation, the government acted in a manner such as its worst antagonists would not have believed it capable of. Nobody but the Danish government would have risked such a course."

On the other hand, Politiken points out that Denmark several times attempted to utilize the islands, but her efforts were in vain. This paper says that under the present war conditions, the islands might become a danger to Danish neutrality and that it might be difficult for Denmark to defend them from encroachment.

Willis Daugherty, of Isleta, was suffering much pain Saturday from a severe bruise received the day before in an odd accident. Mr. Daugherty is employed on the railway section gang. As he was standing by the track awaiting the passing of a freight train, one of the heavy coiled springs, in some manner loosened, rebounded and flying thru the air struck Mr. Daugherty on the thigh. Fellow laborers removed him to his home.

DON C. PORTER

Prosecutor Porter—Don C. Porter is the way he signs it. Nobody ever found out what the middle "C." stands for. He says it's "just an initial." But his friends suspect it's the first letter of some fancy name he won't own one that was pinned to him when he was too small to protest.

Porter has courage and the sort of independence that progressive communities demand of officials connected with their courts. Older barristers commend the care with which he prepares his cases. Jurymen and court attendants are quick to recognize his sense of justice. "Square," they call him.

He is a graduate of Coshocton High school, and of the law department of Ohio State University. Incidentally, he has been a delivery boy, a laborer at the hydro-electric plant, stake driver in a surveying gang, section hand, ice wagon driver and glass worker.

That's how he got thru school.

LONDON, AUG. 5.—Russian troops have captured two Galician towns in the renewal of the heavy fight south of Brody, according to an official statement from Petrograd tonight.

LONDON, AUG. 5.—German second line positions on a front of more than a mile north of Pozieres were captured by the British in a resumption of the Somme river offensive last night, General Haig reported to the war office this afternoon. Several hundred prisoners were taken.

The attack was delivered by the Australians and troops of the "new army," and was "completely successful," General Haig reported.

Repeated German counter-attacks against the newly-won positions were repulsed, the Germans suffering heavily.

Mass On East Front.

The Germans are massing troops and guns on the eastern front for a great counter offensive under Von Hindenburg, designed to stem the Russian advance against Kovel and Lemberg.

This news was received here from several neutral points today, and was partly confirmed in dispatches from Berlin.

For several days troop trains have been leaving Berlin daily, carrying reserves to the eastern front. Berlin believes the crisis of the war is approaching on the eastern front, and for this reason great crowds are gathering daily to bid the departing troops farewell.

Mackensen Goes There.

Field Marshal Von Mackensen, who inaugurated the great German offensive against the Russians a year ago, has joined Von Hindenburg on the eastern front. The Austrian crown prince, recently on the Italian front, has assumed charge of operations in Galicia.

About One Third Inch Rain Falls Past Week

Saturday was another warm day, one of the warmest of the season if the government thermometer is to be trusted. Observer Mrs. Jeffries stated last night that the highest mark of the day was reached when the thermometer registered 96, just one degree under the season's record here. A light rain during the late afternoon relieved the oppressive heat somewhat and the evening was fairly comfortable. But little over a third of an inch of rain has fallen during the week just closed.

Lawyers Complete Plans For Picnic And Vacation

Morrell as a member of the committee on arrangements. Other members of the committee are Sheriff George Pharion and Attorney Joseph L. McDowell.

The picnic was originally planned for an earlier date but as a number of the attorneys were making strenuous efforts to get under the wire at the primary it was decided to postpone the picnic until after the "elimination contest."

On Saturday evening of this week the lawyers will start their annual 15 day vacation and the picnic will be the last round of merriment and relaxation of this two weeks. Millersburg Beats Fresno

Fresno lost out to Millersburg Saturday in a close game staged at Duncan's grove near Bloomfield. Repress Emotion.

A well-known author has said: "The great critical moment in our lives is when we choose which emotion to express. We become what we choose. In this way we develop our character and are responsible for our character." This is true and nothing is more foolish than permitting every little chance incident of the hour to ruffle the spirits.

Prejudice.

Prejudice may be considered as a continual false medium of viewing things, for prejudiced persons not only never speak well, but also never think well of those whom they dislike, and the whole character and conduct is considered with an eye to that particular thing which offends them. Bishop Butler.

Creation.

To the sum total of the matter and energy of the universe nothing has ever been added, and from them nothing has ever been subtracted. Things are perpetually changing from one form into another—from one form of matter to another form of matter, from one form of force to another form of force—but amidst the eternal transformation nothing is created, nothing annihilated.

Breathe Deeply.

Recall all of the best singers you know and you will find that the majority of them are usually well developed in the throat and chest. Singing is a splendid exercise when considered in connection with the vital necessity of deep breathing. It is recognized as absolutely necessary for perfect health and even if one cannot sing at least the effort, if rewarded with good ... is not to be despised for its ... effects.

YES "To The Voters"

It is beneath my dignity to be drawn into this controversy at this late hour but content myself with entering a general demurrer to the allegations set forth. No man's democracy runs deeper than mine. I am not "a Democrat for revenue only." Neither am I one who cares to trail in the dust, the high office for which Mr. Siens, Mr. Crawford and myself seek. Let us hold ourselves in such close and friendly relations that we all can shake hands and support the nominee whoever that may be. And may he be elected and stand loyally by his party and its principles in the legislature and not sell democracy's birthright for a mess of pottage, "I am a Democrat." Have loyally supported the ticket both national and state and county and your allegations are not true, neither were there any speeches expunged from the convention records.

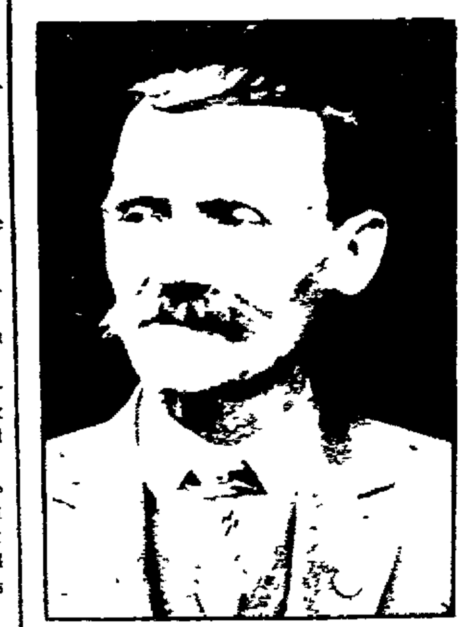

Mr. Siens and Mr. Crawford, please sign your names to the next article.

Respectfully submitted,

HARVEY WATSON,

Candidate for Senator in the 18-19th district, composed of Coshocton, Tuscarawas, Gurnsey, Noble and Monroe counties.

Stop, Look And Listen

During each cycle of general prosperity there comes a time when the speculative promoter becomes unusually active. The present large number of offerings of the speculative class makes it plain that we are now in the midst of such a period. The newspapers and the mails are overflowing with offerings well designed to catch the imprudent.

Within the last week there have appeared flaming advertisements and insistent personal appeals to the public for money for new industrial propositions which have their existence only on paper. In certain instances it is plainly stated that it has not yet been decided where the proposed plants will be built. That old appeal creeps in—one hundred dollars invested a few years ago in this, that and the other well known undertaking has made the owner independently rich. It is a small task to name these few successful enterprises, but the thousands that have gone down are passed over lightly.

Promises of high dividend returns are the snare which should be avoided. Do not be prevailed upon to invest your savings in propositions of this type. Make careful investigation before buying anything and leave your money in a safe bank until you have done so. Draw a distinct line between **INVESTMENTS** and promotions. The propositions earlier referred to are not investments and will not be until they have behind them history of earnings and dividends, coupled with shown intelligence and integrity of management.

Remember this: Your financial adviser can retain your confidence only so long as his advice has proven by experience to be sound. He cannot promise both safety and big profits and keep his friends. Like the wandering gypsy, the promoter can afford any promise so long as it results in a profit to himself.

PEOPLES' FORUM

CONGRESSIONAL ABILITY.

Editor The Tribune:

The 17th congressional district needs a representative in congress who has sufficient learning and ability to enable [illegible] in the discussion [illegible] before congress. He should have the courage to stand for what is right; he should have the honesty to protect the government from frauds of every description and obey the law, for [illegible] we have been without such a representative.

While drawing the princely salary of $7,500 a year, Ashbrook continues to flood the [illegible] with his campaign documents and political letters bearing no stamps, thereby defrauding the government. Nearly all voters [illegible] and a few persons act [illegible]. [illegible] appointees have been busily circulating papers endorsing him for another term. These petitions prove nothing except the devotion of the pie eaters for their benefactor. The civil service laws appear to have been suspended for this campaign.

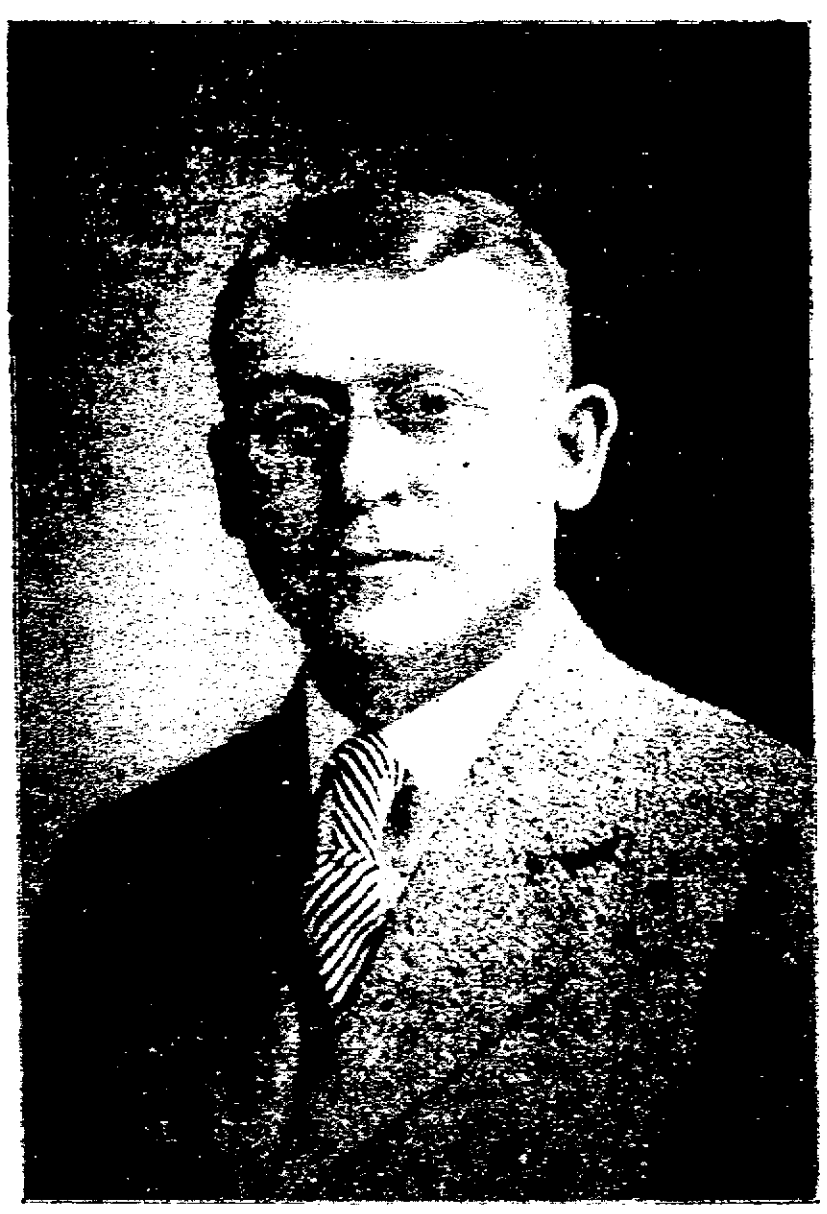

Some persons do not understand why prominent Republicans came to the defense of Ashbrook when his record is assailed. That is accounted for by his appointment of Republicans and near Republicans to office; by his support of the Sprague bill; and by his support of Republican measures in congress. The Republicans would be ungrateful if they did not stand by their colaberer.

C. C. PORTER

FOR COMMISSIONER

C. C. Porter, county commissioner, is a candidate for a second term at the primary next Tuesday, August 8.

Mr. Porter has never been accused of letting politics interfere with his efficiency as a member of the board of commissioners, and plays no favorites when it comes to the county's business. He has made many friends during his first term. His record is enviable. He has won the reputation of being careful, painstaking and thoro, prompt and obliging. His friends believe that "One good term deserves another," and in the closing hours of the primary campaign they solicit the support of the Democratic voters next Tuesday for C. C. Porter, candidate for his second term as a member of the board of commissioners.

TO THE PUBLIC

Some of my opponents have manufactured the falsehood and are industriously circulating the story that I am hostile to, and if elected to the legislature will oppose, the Workmen's Compensation Law.

I want to state to the public that I have always been, am now, and ever will be in hearty sympathy with the principles of this act, and if elected to the Ohio legislature will do everything in my power, by vote, voice and act to protect and promote its beneficial features.

I believe the Workmen's Compensation law is one of the most praiseworthy laws ever put on our statute books.

ANOTHER LIE NAILED

The same people who accused me of unfriendliness to "The Workmen's Compensation Act" have another falsehood which they are trying to circulate. They now say that if I am elected to the legislature I will favor a County Veterinarian for the examination and treatment of tuberculosis among cattle.

If their ingenuity were directed in telling the truth they might do a vast amount of good, either to themselves or somebody else, but a lie almost always invariably recoils on the liar. I hereby state emphatically that the report is a falsehood, circulated by opponents and unscrupulous politicians who have themselves no more use for the Workmen's Compensation Law, or tuberculosis of cattle than they have for the truth.

Sincerely yours,
DR. J. E. FOSTER.

COMING BACK

United Doctors Specialist will Again Be At Coshocton, Ohio. The Standen Hotel, Monday. August 14th. ONE DAY ONLY Hours 9 A. M. to 8 P. M.

Remarkable Success of Talented Physician in the Treatment of Chronic Diseases.

Offer Services Free of Charge.

The United Doctors Specialist licensed by the State of Ohio for the treatment of all diseases including deformities, nervous and chronic diseases of men, women and children, offer to all who call on this trip consultation, examination, advice free, making no charge whatever, except the actual cost of treatment. All that is asked in return for these valuable services is that every person treated will state the result obtained to their friends and thus prove to the sick and afflicted in every city and locality, that at last treatments have been discovered that are reasonably sure and certain in their effect.

The United Doctors are experts in the treatment of chronic diseases and so great and wonderful have been their results that in many cases it is hard to find the dividing line between skill and miracle.

Diseases of the stomach, intestines, liver, blood, skin, nerves, heart, spleen, rheumatism, sciatica, tape-worm, leg ulcer, weak lungs and those afflicted with long-standing, deep seated chronic diseases, that have baffled the skill of the family physicians, should not fail to call. Deafness often has been cured in sixty days.

According to their system no more operations for appendicitis, gall stones, tumors, goiter, piles, etc., as all cases accepted will be treated without operation or hypodermic injection, as they were among the first in America to earn the name of "Bloodless Surgeons," by doing away with the knife, with blood and with all pain in the successful treatment of these dangerous diseases.

No matter what your ailment may be, no matter what others may have told you, no matter what experience you may have had with other physicians, it will be to your advantage to see them at once. Have it forever settled in your mind. If your case is incurable they will give you such advice as may relieve and stay the disease. Do not put off this duty you owe yourself or friends or relatives who are suffering because of your sickness, as a visit at this time may help you.

Worn-out and run-down men or women, no matter what your ailment may be, call, it costs you nothing.

Remember, this free offer is for this visit only.

Married ladies come with their husbands and minors with their parents.

WOMAN AVOIDS OPERATION

Medicine Which Made Surgeon's Work Unnecessary.

Astoria, N. Y. — "For two years I was feeling ill and took all kinds of tonics. I was getting worse every day. I had chills, my head would ache, I was always tired. I could not walk straight because of the pain in my back and I had pains in my stomach. I went to a doctor and he said I must go under an operation, but I did not go. I read in the paper about Lydia E. Pinkham's Vegetable Compound and told my husband about it. I said 'I know nothing will help me but I will try this.' I found myself improving from the very first bottle, and in two weeks time I was able to sit down and eat a hearty breakfast with my husband, which I had not done for two years. I am now in the best of health and did not have the operation." — Mrs. JOHN A. KOENIG, 502 Flushing Avenue, Astoria, N. Y.

Every one dreads the surgeon's knife and the operating table. Sometimes nothing else will do; but many times doctors say they are necessary when they are not. Letter after letter comes to the Pinkham Laboratory, telling how operations were advised and were not performed; or, if performed, did no good, but Lydia E. Pinkham's Vegetable Compound was used and good health followed.

If you want advice write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass.

X J. E. LYONS

For County Auditor

To the Democratic Voters of Coshocton County:

I have made a strenuous effort to see, personally, all the Democratic voters of the county, but various circumstances have prevented my seeing all, I trust those whom I have not seen will consider my candidacy as earnestly as if I had seen them.

As to my qualifications for the office to which I aspire, I feel that I am well enough known in the county as not to need further comment. However, will say this: I was born in Coshocton county and have spent my entire life here. Have been engaged as instructor in the public schools for the past 18 years, six of which were as superintendent of the schools at New Castle and the last six at Roscoe.

I have endeavored by my own efforts to fit myself for the positions which I have occupied. Have always had the welfare of this community in which I lived, at heart, and have worked for the promotion of the best interests of the older as well as the younger members.

I earnestly solicit the vote and influence of all Democratic voters and promise if nominated and elected to serve the public, as I have always tried to do, to the best of my ability.

Trusting I may have your support at the primary next Tuesday, I am,

Very respectfully yours,

J. E. LYONS.

Pennsy System Changes Signal Indicator Colors

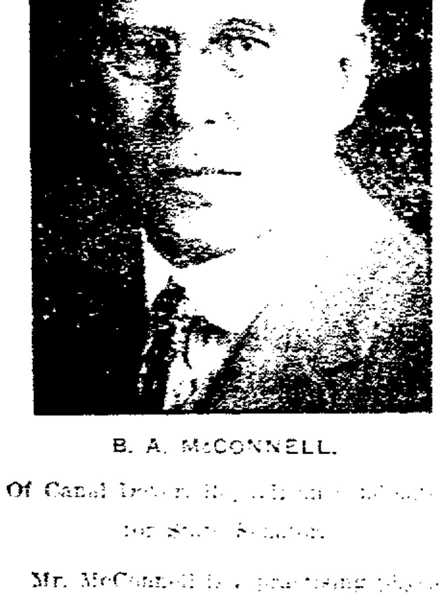

A complete change in the color scheme of signal indications will be made on the entire Pennsylvania Railroad System, both east and west of Pittsburg, as soon as the necessary materials can be obtained. Orders for the required material are now being placed, according to advice received by A[illegible] Webster.

White lights are to be eliminated altogether as a signal indication. Green will replace white for "clear" or "proceed," while a bright distinctive yellow, visible at great distances, will be used for "caution." Red will continue to mean "stop."

The elimination of white from the signal color scheme has been rendered desirable by the increasing use of white lights of various kinds in buildings, driveways, roads and streets close or adjacent to the Railroad's right of way.

Not only will alterations have to be made in all of the semaphore signals, but the following devices will also be affected:

Marker lights on the rear of passenger and freight trains; switch lamps and target markers for track [illegible] [illegible] [illegible] [illegible] [illegible] and block signal [illegible] and [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible]

Chintz Covers for Books.

During the summer months, when books are liable to be read out of doors in arbor or hammock, and perhaps left there, it is well to make gay little chintz covers to slip on them. These can be hastily caught together with feather-stitching in a contrasting shade and will add to the appearance of the book as well as serve to protect it.

Realistic.

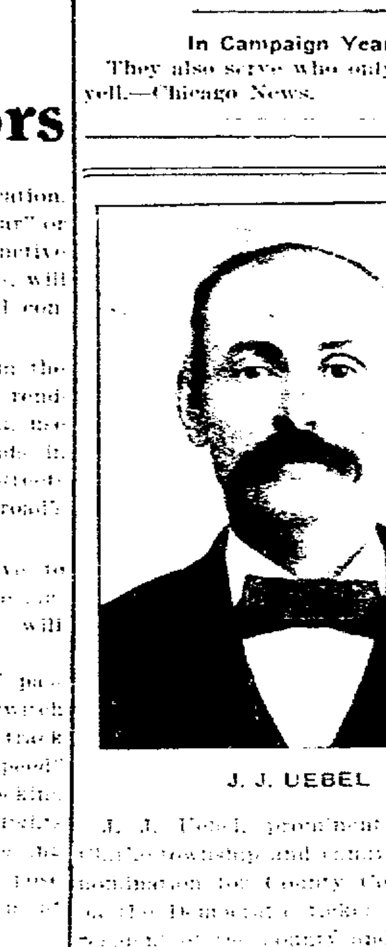

During a Shakespeare celebration a number of local amateurs appeared in the great dramatist's most famous tragedy. Next day the principal actor inquired of a critical friend what he thought of the performance. "It was great! Simply great!" was the reply. "As you played Hamlet it was easy to see why Ophelia should go and drown herself."

Owing to the busy harvest season Mr. Uebel has been unable to make a thorough canvass of the county, but he trusts that this fact will not be construed as indicating a lack of interest on his part. He is devoting every minute possible to his campaign and appreciates deeply the loyal assistance of his friends, whom he takes opportunity to thank sincerely.

Hon. John F. Kramer

Why he should be nominated for Congress next Tuesday

In presenting Hon. John F. Kramer of Richland county, a candidate for the Democratic nomination for congress, we appeal to the Democratic voters of the Seventeenth district in behalf of a man, who, if nominated and elected, will be a credit to the district and to the Democratic party. Mr. Kramer represented Richland county in the Ohio Constitutional Convention and in the Ohio legislature with honor and distinction. In both bodies he was a leader and everyone knew that Richland county was on the map.

If elected to congress he will represent our district with equal ability and usefulness in that body.

Every one who knows John F. Kramer knows that he is a man of strictest integrity and that he is always governed by his sense of what is right. His conscience is his guide in all things, in politics and public affairs as well as in his private life. As a member of the legislature he was known as "Honest John." Is not this the kind of a man we should elect to public office?

It has been said that Mr. Kramer is at a disadvantage in this campaign because he will not resort to the tricks and deceptions by which candidates too often succeed in being elected to office. But this is one of the best reasons why Mr. Kramer should be nominated and elected to congress. If elected to congress Mr. Kramer will always stand for the best interests of the people. His usefulness will not consist only in fortifying his political fences by obtaining favors at public expense for those who can be of service to him politically, but he will consider the good of all the people in his public acts and will not shirk any duty or dodge any issue. Mr. Kramer's competitor, Congressman Ashbrook, has had five terms in congress and is now asking for a sixth term. If ten years does not satisfy his appetite for congressional honors when will he be willing to retire and give place to other Democrats who are at least as worthy and capable of representing the district in congress as he is?

Nominate and elect John F. Kramer to congress and we will have at Washington a representative, who has convictions, courage and sterling honesty, an able and faithful servant of the people, who will win fame for himself and credit for the district whose voters have the good judgment to elect him.

The Kramer Campaign Committee of Richland County.

C. L. McCLELLAN, Chairman.
C. N. GAUMER, Secretary.

Rich Manganese Mines.

Manganese mines at Concepcion Point, Lower California, are reported to be the richest known deposits of this element in the world. They are situated in the arid hills of a small peninsula, 27 miles long and five to eight miles wide between the coast of the Gulf of Lower California and Concepcion Bay.

Dangerous People.

Dangerous people, these fellows who don't know when they are licked.—Wall Street Journal.

Made the Most of Her Time.

Ossip Gabrilowitsch, the pianist, used to tell the story of a pupil who came to Harold Bauer and asked his terms for lessons. After the fourth lesson he said to her: "Why, madame, do you always bring rhapsodies, etudes, swift music? Why not a quiet number, something that shows your phrasing — some Andante?" "Mr. Bauer," replied the pupil, "your lessons are too expensive—I can't afford to play the slow music."

Advanced in Life.

While out walking with my little nephew, Jack, who for the first time was wearing his first pair of woolen trousers, and who, needless to say, was proud of the fact, we met his Uncle Harry, who said: "Hello, Jack. You are quite a man now, aren't you?" when Jack replied: "Yes, I am wearing pants on the outside now."—Chicago Tribune.

Too Fast for Her.

A little girl from a more leisurely part of the country was walking with her mother along that part of Broadway which skirts the Woolworth building. It was the noon hour, and the crowd was out and in rapid motion. The air was strong and gusts of it scurried past as they do in that vicinity. "I don't like New York, mother," said the little girl. "Everything is in such a hurry—even the wind."

High Calling.

Little Walter's uncle was attached to the commissary department. Naturally, little Walter wanted to know what that meant. His father explained that it was the commissary's duty to supply the soldiers with food and drink and the like. The very next day a lady came to call and asked Walter how his Uncle Paul was. "He's fine," said the young man. "He's a waiter now."

Nature's Plan.

Nature, the meditative man of the world seems to say, has no necessary contact with pain, and yet willingly assumes the burden. The great physician's answer seems to be: "Stay your wonder; it is this very pain, this apparent inconsistency of nature, that brings out man's supremest qualities of virtue and knowledge, making him a veritable god."

ATTRACTIONS AT MOVIE THEATRES FOR THIS WEEK

AT MYSTIC

THE MYSTIC THEATRE OFFERS A PROGRAM THIS WEEK GREATER AND BETTER THAN ANY EVER SHOWN IN ANY OTHER COSHOCTON MOVIE HOUSE.

The Mystic starts the week by presenting the Paramount star Hazel Dawn in "The Feud Girl." This film Monday is one of the finest ever produced by the Paramount people, and Miss Dawn is supported by Irving Cummings.

Tuesday will see a Triangle program with Douglas Fairbanks and Bessie Love in Fairbank's greatest success "Reggie Mixes In." At the present time Douglas Fairbanks is outdrawing Mary Pickford in New York City. A manager of one of New York's largest theatres says that this picture is absolutely the best Triangle picture he has ever shown, and he has been running Triangle Service from the time its originated. The usual two reel Keystone will accompany this drama on Tuesday.

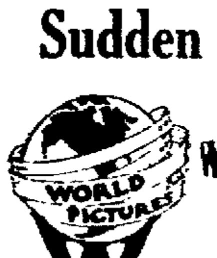

Wednesday Bessie Barriscale and William Desmond in the Triangle drama "Sorrows of Love" will be the Triangle attraction. Miss Barriscale is very popular in Coshocton and no doubt will draw extra large crowds. The Keystone comedy for Wednesday is said to be one of the funniest ever made by the Triangle people.

Thursday Coshocton people will get a chance to welcome back George Beban who probably made the biggest hit an actor ever made in this city when he played at the Mystic in "An Alien." Beban appears in his latest success "Pasquale," and this Paramount should pack the Mystic at every performance.

Friday and Saturday the Mystic will present a high class picture program in connection with vaudeville which will be announced later in the week.

Manager Herb wishes to announce that there will be matinees only on Tuesday, Thursday and Saturday of this week unless announced differently in the local papers.

Sudden Riches

Wm. A. Brady Made

The attraction at the Pastime theatre on Monday and Tuesday, will be Robert Warwick [illegible] Wm. Whipple and Gerda Holmes in "Sudden Riches," an original photo[illegible] written by E. Richard Schayer [illegible] with an unusual theme, that of [illegible] old man [illegible] his nephew [illegible] heir, that [illegible] disrupt his [illegible] cause strife between the nephew and his wife, and otherwise break up the little family. How the little child brought about a reconciliation after two years of dissipation by the father and mother, affords a great climax for this unusually fascinating story.

THE STEEL PRODUCTS CO.

CLEVELAND, OHIO

Seven Per Cent Cumulative Preferred Stock

Tax exempt in the State of Ohio

Dividends payable March, June, September and December 1st. Callable at 110 and accrued dividends after June 1, 1918.

Transfer Agents—The First Trust & Savings Company, Cleveland.

CAPITALIZATION

	Authorized	Issued
7% Cumulative Preferred Stock	$1,500,000	$ 900,000
Common Stock	2,500,000	1,875,600
Bonds	None	

The more important features affording security to the Preferred Stockholders are summarized as follows:

1. The Steel Products Company has been in successful operation since 1901, at which time it was organized under the name of The Cleveland Cap Screw Company. Later this name was changed to The Electric Welding Products Company, and later still to The Steel Products Company. In connection with the present financing, which enables the active management of the Company to acquire a larger interest in the business, this Ohio company of the same name has been incorporated to take over this business and that of The Michigan Electric Welding Company of Detroit and The Metals Welding Company of Cleveland, all of which have been under the same management. The Company as consolidated manufactures automobile parts, among which are valve stems, push rods, spring shackle-bolts, drag links, brake rod assemblies, and other similar hardened and ground steel products. It also manufactures oxy-acetylene welding and cutting equipment, cap screws and coupling bolts and is a leader in all these principal lines of manufacture.

2. ASSETS, AUDIT AND APPRAISAL: The Balance Sheet of the new Company, as of May 31st, adjusted to reflect the completion of the present financing, shows net tangible assets, excluding patents and good will, of $2,229,830.97 or over $247 per share of the Preferred Stock, and net quick assets of $1,209,623.84 or over $134 per share of the Preferred Stock. The Company's books have been audited by Messrs. Ernst & Ernst, Certified Public Accountants, and appraisals have been made at our instance as follows: Cleveland real estate, Mr. A. S. Taylor, of V. C. Taylor & Son; Detroit real estate, Mr. C. A. Merrell; buildings, Mr. H. C. Robinson, Real Estate Officer of The Guardian Savings & Trust Company; equipment, The Strong, Carlisle & Hammond Company; inventory, The W. M. Pattison Supply Co.

3. EARNINGS: For the five years and five months ended May 31st, 1916, combined net earnings applicable to Preferred Stock dividends, after ample charges for depreciation and renewals, have averaged $258,893.52 per year, or over four times the dividend requirements on the Preferred Stock issue. For the year ending December 31st, 1915, the combined net earnings applicable to Preferred Stock dividends were over six times the Preferred dividend requirements.

4. NO MORTGAGE or other lien can be placed upon the property of the Company, nor can Preferred Stock be issued in addition to that at present authorized, without the consent of the holders of 75% in amount of the Preferred Stock outstanding.

5. SINKING FUND: Beginning June 1, 1917, the Company shall retire and cancel annually at least 5% of the largest amount of Preferred Stock at any one time outstanding.

WE RECOMMEND THIS ISSUE AS A DESIRABLE PREFERRED STOCK INVESTMENT.

Carr, Democratic candidate for recorder; $20 against the field.

Keesey, Democratic candidate for representative; $50 against the field. Taken.

Ashbrook, Democratic candidate for congress; $100 that he wins the nomination.

I am proud of my friends—are they proud of me—
Coffman For Auditor

JAMES WIGGINS, JR.

Nearly everybody in the county knows Jim Wiggins and nearly all the voters know he wants to be sheriff. He has made a clean, consistent canvass and has treated his competitors in the race for sheriff as he would like to be treated himself.

Mr. Wiggins was born in Lafayette township and has lived there all his life. He knows what hard work is, if a boy on a farm and a coal miner ever get next to hard work.

The boys around the Warwick mines know him and they are boosting his candidacy by every fair means. They are for him because they like him and know that the only thing he asks for himself—a square deal—he is willing to grant to everyone else.

A vote for Wiggins for Sheriff in the Democratic primary will be a vote for a clean, efficient, trustworthy official.
